Dedication

Jane: It has been nice seeing your smiling face on campus. Keep up your good work & you'll go far. Sincerely, Pauline Hames

As we glance back into the shadows of this school year, many shades come into view. But we see a certain, unique sparkle which has been created from the inner glow of two personalities- the personalities of two people who live the true meaning of devotion, hard work, and loyalty. People like this are far from many; they think not of praise, only of service. In deep appreciation for the inspiration they have given us, we dedicate the 1971 Husky to . . .

The Seniors presented THE CURIOUS SAVAGE to the public April 1, 2, and 3. The play's success was a reward to the students who devoted their time and effort to it as well as the director, Miss Nancy Morlock, The three-act play was about a woman who was committed to a sanitarium by her three stepchildren where she learns that the people in the sanitarium are kinder than her children. Special light effects added a certain dramatic atmosphere to the opening and final curtain.

Arce (32) leads

The Hughson Huskies opened the 1970 football season as defending champions of the Trans-Valley League title. The season's opener was a non-league game against Hilmar. The Huskies scored twice, but still fell short of the six point lead the Yellowjackets held.

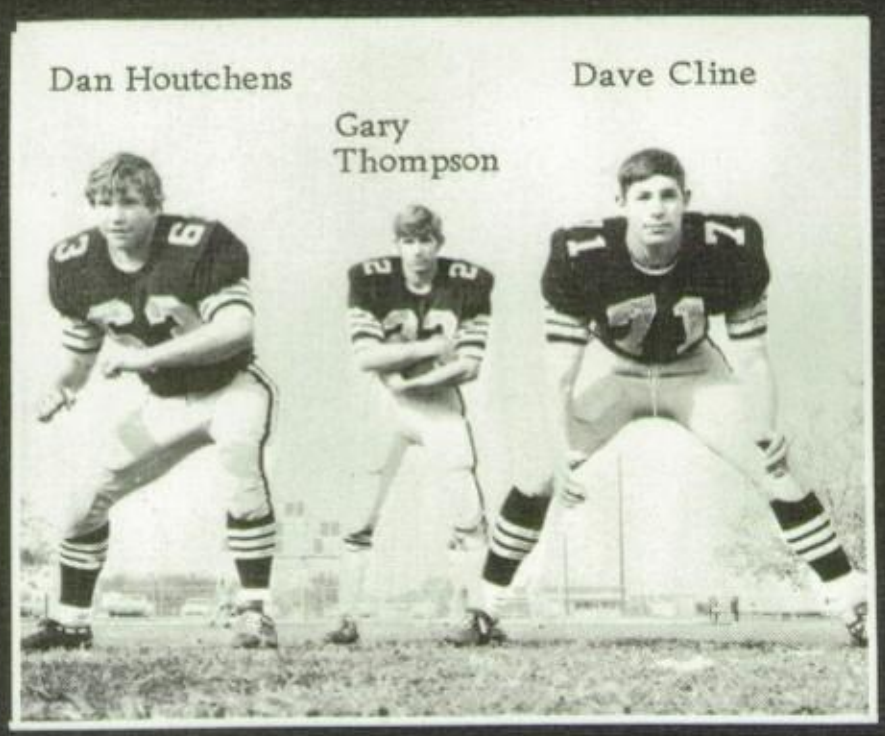
In its second home game, Hughson evened its season's record by beating Summerville in a well-played game, 20-8.

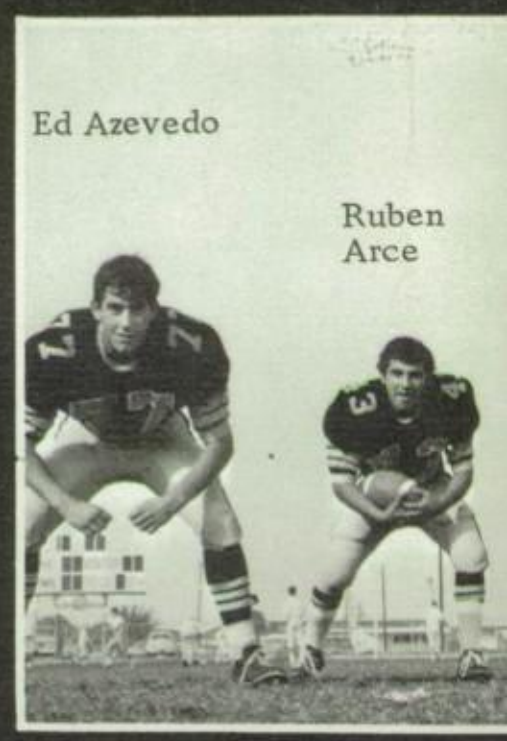
The Husky defense gave a performance against Gustine that showed why they were named the number two defensive team in the Stanislaus area. The Redskins were kept to -12 yards rushing and 80 yards passing. A score of 22-0 gave Hughson a win in their first league game.

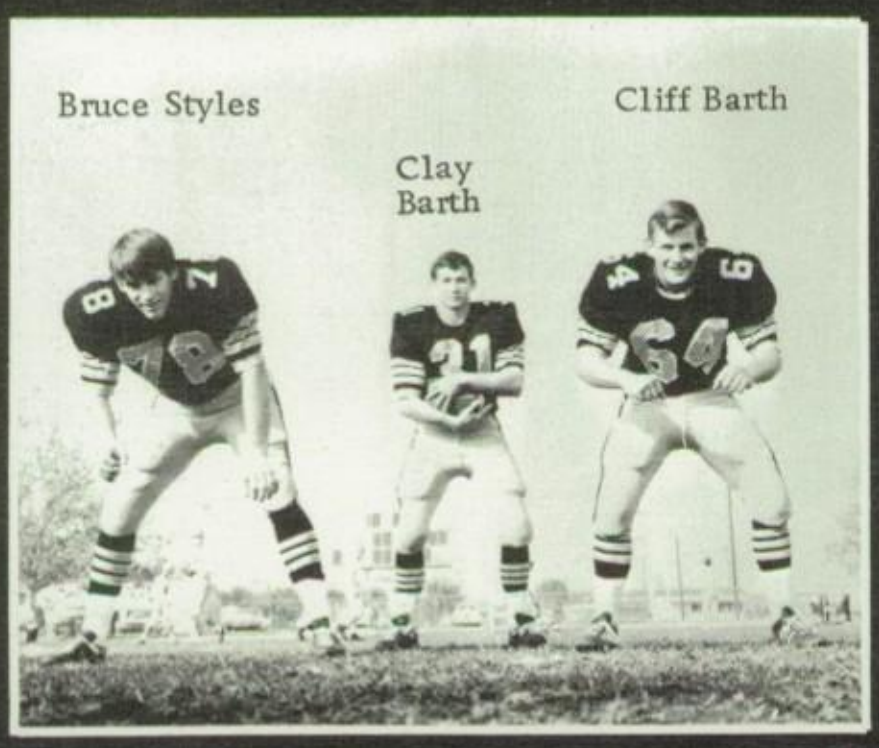
Escalon maintained its 22 year hex by handing Hughson its first league loss. At the half the score was tied, but in the second half the Cougers pulled ahead to end the game, 24-14.

The following Friday the Huskies played a non-league game against Livingston. The Wolves won by a score of 27-0.

Hughson faced Riverbank in its homecoming game. While the Bruins were beaten statistically, the Huskies were unable to put the points on the scoreboard. Riverbank won by a 14-6 score.







own in a sweep.

The game against Orestimba finally decided whether Hughson would have any hope for the championship. Both teams' defenses were good, but neither offensive team was able to score, and the game ended in a frustrating 0-0 tie.

The Huskies came back the next week to beat Patterson, 6-0. The defense again demonstrated why it was named number two defensive team.

In the final game, the Huskies put it all together and beat Linden, 27-0, knocking them out of the League lead. Orestimba upset Escalon for the Trans-Valley League championship.

Uber tips it up for "2"

The 1970-71 Junior Varsity basketball team, coached by Mr. Ken Harris, started the season by winning their first ten contests. Spectators and rooters watched the action-filled games not realizing the hours of determined practice and the coach's strategic planning behind the victories. Wrestlers' Hard Work Pays Off in Another Fine Season

Dennis Blagg sizes up Riverbank wrestler in preparation for a quick take-down.

The wrestler agonizes through three months of intense training to prepare himself to meet his opponent. All of his effort is put to the test in a six-minute match. This year Hughson had a team that was willing to put out the effort it takes to be a winner. The Huskies defeated all of their team opponents except Escalon, giving Hughson a second in Trans-Valley League standings. Their capability to work together as a team was shown as they brought in three firsts, three seconds, and a fifth in tournament competition. Four Hughson wrestlers, Gary Acosta, Dennis Blagg, Dan Houtchens, and Mike Knox, showed their skill by advancing to state competition where Dan Houtchens placed second in the 145 weight class.

Hughson Husky Band

This year the Husky Band in their new uniforms marched in the Homecoming Parade, the Tractor Rodeo, and at all of the football games. A money raising event for the band was selling candles to help pay for their uniforms. The Pep Band also served to raise Husky spirit by playing at the rallies.

"The Way It Is" Staff

"The Way It Is" is published every other week by the journalism class and distributed to the student body free of charge. The class is in the form of a workshop, with every student carrying out his assignments, which are then published. The editorial board meets with its advisor, Mrs. Brooks, to decide basic policies of the paper. Every year "The Way It Is" staff travels to Fresno State College for a scholastic press conference where its paper is judged, writing contests are held and lectures and discussions are held.

So growing
So kind
So Sensitive
So loving

I hate to write in year-books of people I feel close to. I couldn't possibly say all I feel. One thing I must write. I must tell you that you seem to have an un limited capacity to give. "Giving full measure, overflowing, running over." That in itself is a gift which you must never hide.

Story of the Year

A shadow, once the tangible, physical essence of reality, is a silhoutte-now the container of a past years memories; the memories of the year 1971.

It began as any year begins; typical freshmen stumbling on to a new adventure. But these freshmen stepped onto a unique campus, making their mark of achievement early. They were a class who worked hard together. This class of 1974 molded itself into a body of promise.

The sophomore class surprised the community when their "spicy" homecoming float paraded down Main Street. It was a class of remarkable talent, a class of leaders, and a class which made delicious candy apples!

The highlight of the year for the juniors came when its girls romped to victory over the senior girls in the Powder Puff Derby. The class of 1972 was perhaps the busiest of all the classes. It carried out well the trying responsibilities which were expected of them. Their goal of presenting the senior class with a successful banquet and prom meant a year of hard work and headache. But, as the year drew to a close, they proved themselves. The seniors remember a lovely banquet and prom.

Finally, the senior class, the first class in Hughson Union High School to spend four years with the famous LAP System, has now stepped to the edge of this shadow, ready to leave the school, ready to leave a way of life. This year, 1971, was their year, and now a school is different because a distinct class has changed it.

Although there are four separate classes, they are one body. They have done everything from revising a dress code to making another strenous effort to win the Escalon football game, losing by points but winning by loyalty. Although the game ended in Escalon's favor, no one will forget the half time when the Hughson side emptied onto the field and formed two lines as far as one could see, leaving a memorable image of pride, hope, and oneness.

Then, on March 13, shock and grief struck the school when a remarkable teacher was stricken by a heart attack and died. He was loved as a coach by his team, as a teacher by his students, and as a friend by all. Those who knew him will always feel this loss, and it is impossible to measure what has been gained from this man. He cast a long shadow.

Now this year has ended, but the memories will remain in an everlasting shadow. And it remains for other years to take a different form to fit a different people. But that will be another year. . . and another story. . .

Jane,
You a real nut. You have been so much fun this year and I know next year will be so much fun to. Your house is so much better. Oh Well have fun this summer.

Love,
Mary

Jane,

Well how can I thank you for all the help you've given me this year! Not only with just the paper work, but with helping me to understand how students feel about things and most of all for brightening my days when I was feeling blue... What will I do when you're gone..!!??

I know you worry a lot about everything, but I want you to know that I think you are one of the sweetest and loving persons in the whole world! I am always happy to be your teacher and your friend, too.

I'm looking forward to seeing you next year, and maybe if you're not too busy or working you might be so kind as to help me out a little this summer while I'm down here slaving away on MAPS !!

Well, what more can I say - just think - this time next year you'll be leaving us?? wow! Where is the time going?? (That would be ↑adonde, not donde right??)

Have a good summer, Sweety, and I'll look forward to seeing you next year!

Much love -

Elaine Costa

Jane -
It's a girl who gets cuter every day. It's hard to make the pack trip. Have fun this summer. Good luck - Friend,
